

A Corporate Legal Group tradition since before the Turn Of The Century, this is our way of spreading Joy and Good Tidings to a very select group of very important recipients at very little marginal cost. The reader should keep in mind that care should be taken when lifting this greeting (if reproduced in a corporeal form), since its mass, and thus its weight, is dependent on its velocity relative to the user.

Please accept, with no obligation, implied or implicit, the best wishes of the Corporate Legal Group (sometimes hereinafter referred to as the "wisher" or "us" or "publisher" or however else we refer to ourselves in this document in our complete and unfettered discretion) for an environmentally conscious, socially responsible, low stress, non-addictive, gender and gender-identity neutral, celebration of the winter solstice holiday, practiced within the most enjoyable traditions of the religious persuasion of your choice, or secular practices of your choice, with respect for the religious/secular persuasions and/or traditions of others, or their choice not to practice religious or secular traditions at all and a fiscally successful, personally fulfilling, and medically uncomplicated recognition of the onset of the generally accepted calendar year 2013, but not without due respect for the calendars of choice of other cultures whose contributions to society have helped make America great, (not to imply that America is necessarily greater than any other country or is the only "America" in the western hemisphere or that there are not other hemispheres of equal dignity), and without regard to the race, creed, color, age, physical ability, religious faith, or sexual preference or identity of the wishee (or lack thereof with regards to any or all of such, or other, factors) (and further not to imply that the winter solstice should be considered a holiday for those afflicted, through no fault of their own, with some form of psychological or physical depression occasioned by the natural reduction of sunlight or increase in precipitation due to seasonal factors (or increase/reduction for those in the so-called Southern Hemisphere)). (Note: based on some news stories we remain modestly concerned, though less so than in previous years (having seen the movie "2012") about the Mayan calendar since it allegedly predicts the End Of Time (EOT) in 2012, although this might be a function of it being inappropriately interpreted by non-Mayan so-called "scholars", but in all events we disclaim any responsibility for the EOT and as a matter of public policy we do not necessarily support the EOT).

The wishes provided herein represent the sentiment of the sender as of the date written and may not reflect the sender's sentiments on the date this is first received or anytime thereafter. The sender reserves the right to deny the sender ever wished the recipient wishes, whether warm, cold or any temperature whatsoever.

(By accepting this greeting, you are accepting these terms. This greeting is subject to clarification or withdrawal. It is freely transferable with no alteration to the original greeting. It implies no promise by the wisher to actually implement any of the wishes for her/him or others, and is void where prohibited by law, and is revocable at the sole discretion of the wisher. This wish is warranted to perform as expected within the usual application of good tidings for a period of one year, or until the issuance of a subsequent holiday greeting, whichever comes first, and warranty is limited to replacement of this wish or issuance of a new wish at the sole discretion of the wisher. Terms are subject to change without notice. By accepting this greeting the recipient acknowledges that s/he is represented by counsel or knew of their right to be represented by counsel and decided to accept the greeting without such representation. Do not remove this disclaimer under penalty of law).
